

# 100% Digital Leeds

Jason Tutin, Digital Inclusion Manager, Leeds City Council

# 100% Digital Leads team

- Act in a leadership capacity to catalyse, enable and support the process of systems-level change.
- Build partnerships and bridges between services and organisations that serve particular communities.

# 100% Digital Leads ambition

- Everyone can make an informed choice, with equal opportunity of access to inclusive digital services.
- **So that:** People in a place or community can access the full range of available services, appropriately and as necessary, at the right time, and in the right way for them.

Leads

# 100% Digital Leads approach

- Over 3,000 Digital Champions trained
- Across 300+ partner organisations and settings
- Engaging and working with tens of thousands of people across Leeds

# Examples of our work

## [A place-based approach to enable digital health participation](#)

- £500,000 of external funding secured for partners working with people locally, to support digital inclusion initiatives including connectivity, devices, staff capacity, and programmes of activity.
- 276 Digital Champions trained across organisations and services working in the Local Care Partnership footprint, across community organisations and health services.
- 40 key staff at Leeds Community Healthcare trained to cascade Digital Champions training across the organisation to support services to be delivered in a more digitally inclusive way, improve referrals and work more closely with the third sector.

# Examples of our work

## Developing Digital Inclusion Networks

- Supporting audience-specific digital inclusion networks across the city to enable and empower organisations working with particular demographics:
  - People with autism and/or learning disabilities
  - Older people
  - People with sensory impairments

# Examples of our work

## Working with Care Homes

- *“We were able to support one family whose loved one was at the end of her life stay in touch with daily video calls and they were able to say the Lord’s Prayer together and have quality conversations where they could see each other in her last days.”*
- *“Prior to the support of 100% Digital Leeds, there was a considerable amount of residents feeling very uneasy, unsure of the current situation and feeling very confused. The iPads have given many residents a reason to smile and a reason to get dressed because they get to see someone they love on the screen.”*
