

Guide to Local Authority COVID-19 Vaccination Data Sources

Version 6

This guide is a quick *aide memoire* to help Directors of Public Health and their teams understand the range of vaccination data available to them, and where to find it. It is accurate to the best of the LGA's knowledge. However, if you feel any of the information is incorrect, please feed that back to us at research@local.gov.uk.

PHE Portal/COVID-19 Situational Awareness Portal

Access to DsPHs and a small number of people nominated by them. For access requests, contact WNCov.dataLA@phe.gov.uk (a process will apply)

Available data, published every weekday, is:

At lower tier local authority level

- By detailed ethnic group (17 categories)
 - total dose 1 latest day and cumulative vaccination events
 - total dose 2 latest day and cumulative
 - 70-74 cohort by dose, cumulative
 - 75-79 cohort by dose, cumulative
 - 80+ cohort by dose, cumulative
 - care home cohort by dose, cumulative
- By gender
 - total dose 1 latest day and cumulative vaccination events
 - total dose 2 latest day and cumulative
 - 70-74 cohort by dose, cumulative
 - 75-79 cohort by dose, cumulative
 - 80+ cohort by dose, cumulative
 - care home cohort by dose, cumulative

At MSOA level

- By higher level ethnic group (6 categories)
 - total dose 1 latest day and cumulative vaccination events
 - total dose 2 latest day and cumulative
 - 70-74 cohort by dose, cumulative
 - 75-79 cohort by dose, cumulative
 - 80+ cohort by dose, cumulative
 - care home cohort by dose, cumulative

Coronavirus Shielded Patient List Dashboard

Access to DsPHs and a small number of people nominated by them. Access can be requested via email to containedashboard.accessrequest@nhs.net (two factor authentication required)

Available vaccine data, published Thursdays, is:

The fifth page of the Coronavirus Shielded Patient List Dashboard shows, at England, region and upper tier local authority level

- Number on the shielded patient list who have received a vaccination aggregated by
 - first / second vaccine dose
 - age cohort
 - sex
 - ethnic group

Foundry: COVID-19 Vaccine Equalities Tool

Access to DsPH and two people nominated by them. For Foundry vaccination data/access queries, please contact vaccination.operationaldata@nhs.net

Available data, updated daily, is:

- Vaccine uptake of age and vaccination priority cohorts by ethnicity and IMD (Index of Multiple Deprivation), with function to set an uptake target and calculate the gap between actual uptake and target (within the relevant STP population)
- Geospatial mapping of percentage vaccine uptake by LSOA (filterable by ethnicity and IMD), with vaccination site location, to enable consideration of whether placing additional vaccination sites would help with uptake

Foundry: DHSC Adult Social Care COVID-19 Dashboard

Access is restricted to registered users. For councils this includes the Director of Adult Social Services or nominated person, plus a limited number of additional named users. All Directors of Public Health should already have received an invitation to register. If you need the link to be re-sent or have any other queries, please contact the Helpdesk at agem.asc@nhs.net

Available data, reported by care homes via Capacity Tracker and refreshed repeatedly during the day, is:

At upper and lower tier local authority level:

- First dose vaccines reported separately for residents, directly employed staff and agency staff
 - number known to have received the first dose
 - number known NOT to have received the first dose
 - number whose vaccination status is unknown

At care home level:

- First dose vaccines reported separately for residents, directly employed staff and agency staff
 - number known to have received the first dose
 - number known NOT to have received the first dose
 - number whose vaccination status is unknown

National Immunisation Management System (NIMS) Dashboard

Access to DsPHs and a small number of people nominated by them. Access is available via the process outlined at

<https://rise.articulate.com/share/Uz9wl1FJI4xnT3E8OeTCQtYr7A2LP-6-#/lessons/6PLqNgmFcWbvQkWipYJl8eeSL-c-ueN>

Available data, updated daily, is:

By CCG, GP practice, ward and local authority (within the CCG list)

- Count of eligible people
- Count of vaccinations
- Vaccine coverage
 - deprivation quintile
 - sex
 - age band
 - ethnicity
 - carers
 - CEV
 - NHS and social care workers

NHS COVID Website

Access to the public.

See: <https://www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations/>

Available data, updated once a week (Thursday), is:

At lower tier local authority, MSOA and constituency level:

- Count and denominators of residents who have received at least one dose
 - total
 - age cohort (under 70/70-74/75-79/80+)

At upper tier local authority level:

- Count and denominators of social care workforce who have received at least one dose
 - total
 - type of setting

LG Inform

Access to the public.

See: https://lginform.local.gov.uk/reports/view/lga-research/lga-research-report-covid-19-vaccinations-la-view?mod-area=E10000020&mod-group=AllCountiesInCountry_England&mod-type=namedComparisonGroup (select your authority at the top of the report)

Available data taken from the NHS COVID Website (above), updated once a week, is:

At lower tier local authority:

- Count of residents who have received at least one dose
 - Total
 - Age cohort (under 70/70-74/75-79/80+)
- Percentage of residents who have received at least one dose
 - Total
 - Age cohort (under 70/70-74/75-79/80+)

Note: by clicking on the 'Export' button at the top right of the report, you can generate 'embed code' which allows you to place this report in your own council website – and then it will be visible for your residents and local politicians and update automatically.

LG Inform Plus

Access to the public.

See links in the box below (select your authority or constituency at the top of the report)

Available data taken from the NHS COVID Website (above), updated once a week, is:

At [MSOA](#) and [constituency](#) level:

- Count of residents who have received at least one dose
 - Total
 - Age cohort (under 70/70-74/75-79/80+)
- Percentage of residents who have received at least one dose
 - Total
 - Age cohort (under 70/70-74/75-79/80+)
