

# Agenda

1

Understanding where you are in the LGR Data process

2

Use of the current templates

3

Toolkit development roadmap

4

Additional support requirements

# Introduction

**Joran Mendel**  
SENIOR DIRECTOR –  
DATA & ANALYTICS

- ▲ The Data & Analytics team of Local Partnerships are developing a LGR data toolkit, informed by work with Surrey borough and district councils.
- ▲ [RFI Templates Link](#)

# Who we are

Local Partnerships delivers value and efficacy for the public purse.

- ▲ As a **key interface between local and central government**, we provide expert advice and practical resources alongside project/programme delivery support, enabling public services to thrive.
- ▲ As an **in-house delivery partner jointly owned by the LGA, Treasury and Welsh Government**, we work solely for central government departments, The Welsh Government, Councils and Combined Authorities.
- ▲ Whether supporting and **accelerating the delivery of major infrastructure, tackling climate challenges through waste efficiency and renewable energy** propositions through to **wider place-making initiatives**, we help transform services across the public sector ecosystem.

# Where are you in the LGR data process?

**Do not edit**  
How to change the  
design

ⓘ The Slido app must be installed on every computer you're presenting from

**slido**

06/03/2026

**Which best describes your council's current stage in the data process?**

**What is your council's biggest challenge in the data collection process?**

06/03/2026

# Use of the current templates

## Current data collection templates available

Housing RFI

Contracts RFI

Waste RFI

Elections RFI

Revenue and  
Benefits RFI

06/03/2026

# Have you downloaded the LP/LGA LGR data templates?

06/03/2026

**Do you have any suggestions to help improve the current data templates?**

## Effective use of the data templates

**Ensure buy in upfront to help ensure good quality data is collected**

**Configure to reflect local data needs, some areas of data gathering may be more advanced than others**

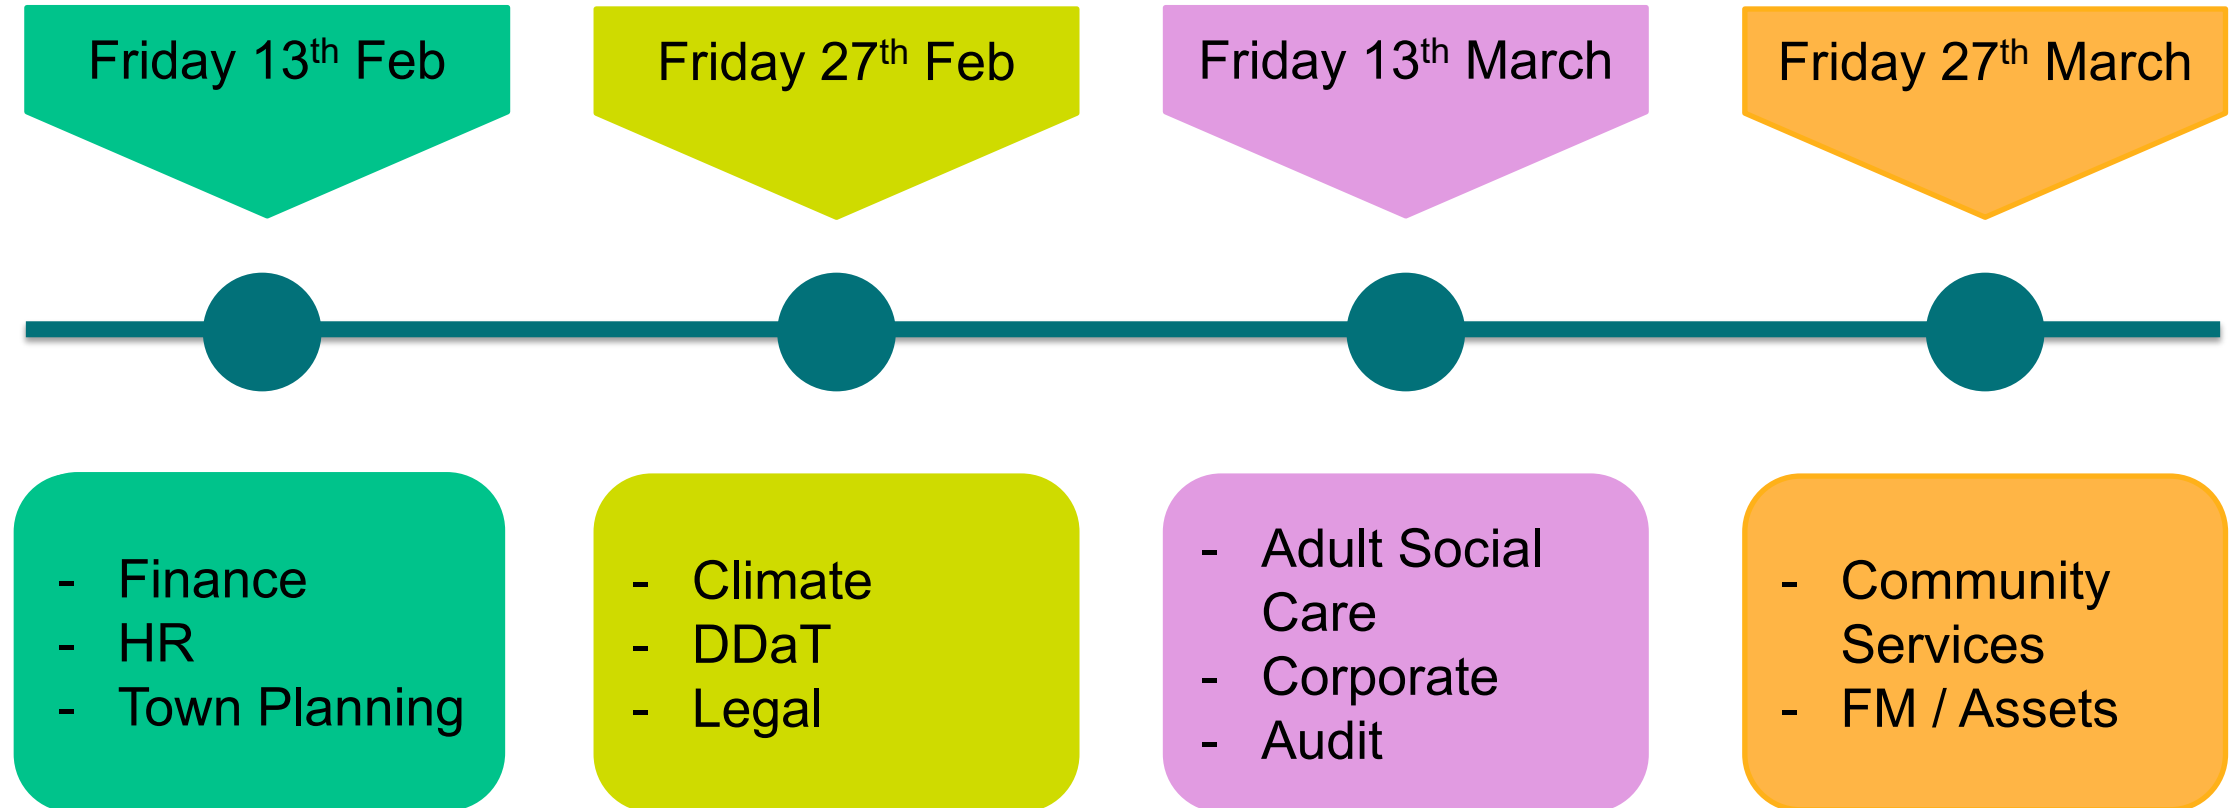

**Plan data gathering with key decisions in mind: data is there to support insight and decision making**

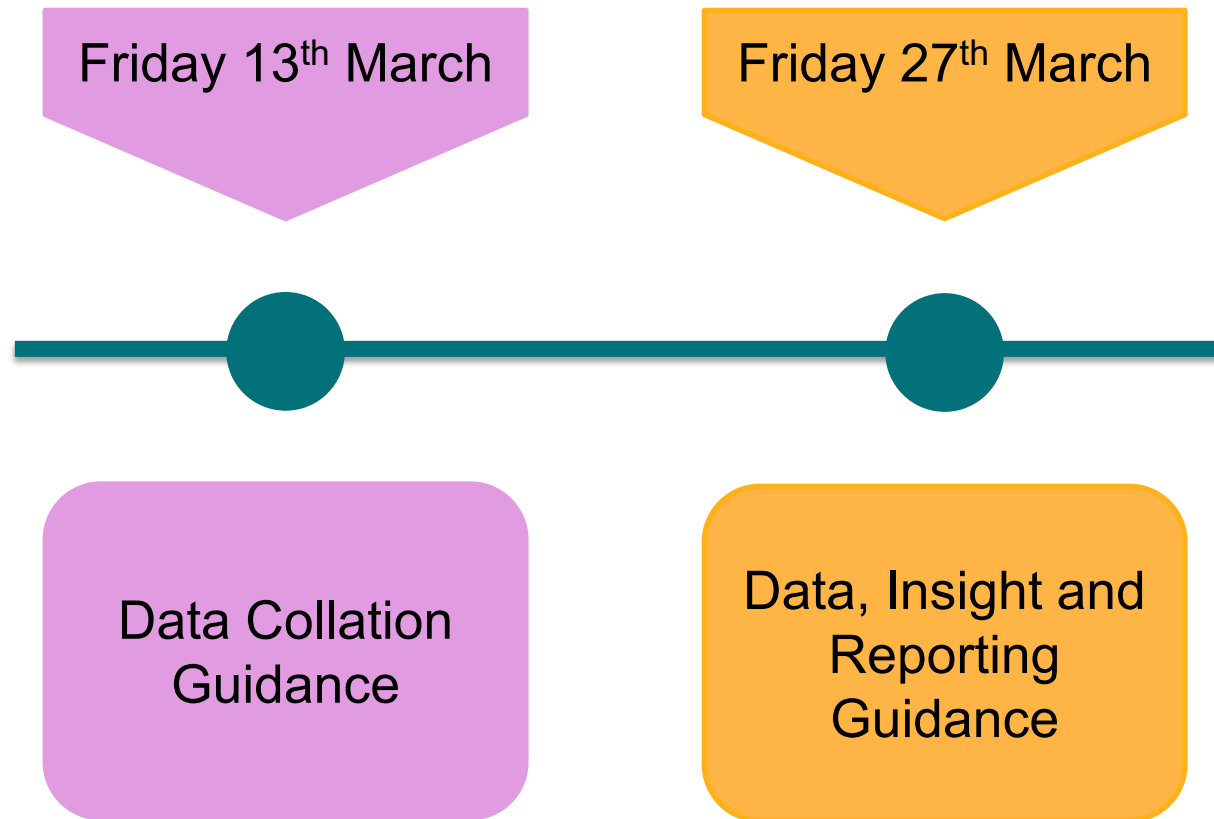

# LGR Data Toolkit development roadmap

# Toolkit Development: RFI Template Drops

# Toolkit Development: Additional Future Modules

- ▲ Alongside the RFI template drops, we will release a series of additional modules to support data analysis.
- ▲ Data Collation will cover merging RFI datasets across your LGR area.
- ▲ Data, insights and reporting will cover guidance on using your data for LGR decision-making.

# Additional support requirements

06/03/2026

**If support were available now,  
which format would be most useful  
for your council?**

## Expression of interest: Sign up

**Would you be interested in joining a small group providing practical support with data and collaboration?**

06/03/2026

**Which topics would be most helpful to cover in a small-group session?**

# Thank you
