

Achieving Better Social Care - learning from Covid-19 as part of thinking about social care reform

THE 3 R'S OF SOCIAL CARE REFORM

Risk

Relationships

Reciprocity

A report from Think Local Act Personal

Welcome

- ❑ 'Hazard, chance or bad consequences'
- ❑ 'What one person or thing has to do with another, kind of connection or correspondence or contrast or feeling that prevails between persons or things'
- ❑ 'Mutual; principle or practice of *give-and-take*'

A bigger, bolder, braver view of social care

- TLAP work with partners & allies to **understand impact on people** - research, intelligence and conversations
- The worst and best of times
- More money, necessary but not sufficient
- Changing behaviours and attitudes, with more trust, with much greater co-production.
- To unlock the potential for bringing about greater personalisation
- Report brings the analysis together, highlighted by case studies
