INDUSTRY PLACEMENTS

Placements within a business for students on relevant vocational courses that give them a chance to put into practice the knowledge and technical skills learnt in the classroom, through structured and meaningful work.

QUALITY

New Secretary of State for Education Gavin Williams
places an emphasis on quality alongside quantity.

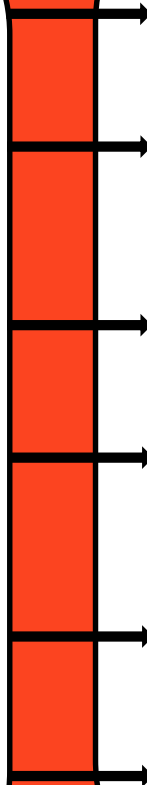

Don't hit the mark but miss the point!

A HIGH QUALITY INDUSTRY PLACEMENT

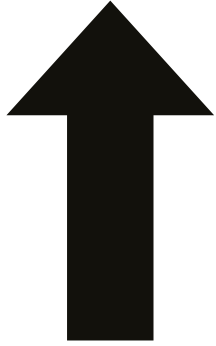

COMPONENTS

- **External** from school or college, in a real-life working environment
- **Occupationally specific** and relevant to subject the student is studying
- **Lasts** a minimum of 315 hours (approximately 45 days)
- **Develops** the student's technical skills and specialist knowledge
- **Demonstrates progress** against the student's learning objectives
- **Prepares** the student for skilled work

OUTCOMES

- **Attracts** motivated young people to your business who can provide imaginative and new ideas
- **Builds** the capacity of your business and develops the skills you need
- **Gains** significant resource for day-to-day projects
- **Gives** your staff the opportunity to upskill in coaching and mentoring
- **Provides** a positive experience for a local young person
- **Develops** a cost-effective recruitment pipeline of talent for entry-level jobs
