HELEX, RIDDOR access –

HELAextranetenquiries@hse.gov.uk

A screenshot of the HELEX Home website. The page has a blue header with the HSE logo, 'Local Government' logo, and 'working together' tagline. The main content area is white with a blue sidebar on the left. The sidebar contains sections for 'Surveys', 'Pictures', and 'Planning & Regulation'. The main content area features a 'CORONA VIRUS - COVID-19' section with a link to resources for Local Authority Health and Safety Regulatory Officers. Below this is a 'Content Editor Web Part [2]' section with a 'Welcome to HELEX' graphic and a text box stating: 'The HELA Extranet provides local authorities with access to relevant health and safety information, data, statistics, advice, guidance and policy. It is a closed site with access restricted to Local Authority Health and Safety Regulators.' There is also a map of the UK labeled 'The Regions' and a 'Quick Links' section with a link to the 'National Code'. At the bottom, there is a 'HELEX Mails' section with a button that says 'Click here to access What's New on HELEX'.
