

Business Rates Retention Accounting and Accountability (Local Authorities) Working Group

Terms of reference

In October 2015, the Government announced that, by the end of this Parliament, local authorities will be able to keep 100 per cent of the business rates they raise locally. In order to ensure that the reforms are fiscally neutral, the main local government grants will be phased out and additional responsibilities will be devolved to local authorities.

Achieving these reforms will require a radical overhaul of the local government finance system. To implement this, government wants to work closely and in full collaboration with the sector, in particular the Local Government Association (LGA), as well as other representatives of local government, local councils and interested bodies.

The Business Rates Retention Steering Group is a forum through which local government representatives and other interested bodies will provide information and expert advice to support the LGA and Department of Communities and Local Government in advising Ministers on the implementation of the reforms, with whom the final decision on the design and operation of the scheme will rest.

Reporting to the Steering Group, the Accounting and Accountability (Local Authorities) Working Group will consider the implications of the reforms for the local authority accounting and accountability framework. As the Steering Group firms up its advice on the details of the reforms, this working group will consider the implications for local authority accounting and accountability.

Whilst it does not have responsibility for assessing implications for the financial sustainability of the sector, if it has any specific concerns in this area about a particular proposal it will report these to the relevant working group or Steering Group for consideration.

The Accounting and Accountability (Local Authorities) Working Group co-chairs will be Gareth Caller (DCLG) and Mark Johnson (LGA)

The Group will aim to meet monthly and will have the following membership (plus LGA and DCLG representatives).
